Notes to Condensed Financial Statements (Unaudited)

1. The condensed financial statements of Bowlin Travel Centers, Inc. (the "Company") as of and for the three months ended April 2009 and 2008 are unaudited and reflect all adjustments (consisting only of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position, operating results and cash flows for the interim periods. The interim financial statements should be read in conjunction with the audited financial statements and notes for the fiscal year ended January 31, 2009. Results of operations for interim periods are not necessarily indicative of results that may be expected for the fiscal year as a whole.

2. The Company continues to list for sale one retail location in Edgewood, New Mexico.

The property, fixtures and equipment located in Edgewood that are listed for sale have been identified as a component as defined in FAS Statement No. 144 – Accounting for Impairment or Disposal of Long-Lived Assets (as amended). The carrying value of the property, fixtures and equipment of approximately \$471,000 have been reclassified as assets held for sale in the April 30, 2009 and January 31, 2009 balance sheets. On October 31, 2007, the Company closed the Edgewood location and during the first quarter ended April 30, 2009, there has been no activity and therefore no results of operations.

As of January 22, 2009, the Company's Alamogordo location is no longer listed and therefore results of operations are included with continuing operations.

3. In September 2008, the Company issued a press release announcing plans for a stock repurchase program whereby up to 1,000,000 shares of its common stock outstanding can be repurchased in the open market or in privately negotiated purchases from time to time, depending on market conditions and other factors. The purchases will be funded from available working capital and will be made in accordance with applicable securities laws and regulations.

The Company acquired 30,494 of its outstanding common shares for the quarter ended April 30, 2009. The Company repurchased the 30,494 shares for \$1.25 per share or approximately \$38,117. The common stock issued and outstanding was reduced by 30,494 shares or approximately \$30, and additional paid in capital was reduced by approximately \$38,087. The reduction in shares issued and outstanding and additional paid in capital is reflected in the accompanying balance sheet.

4. New Accounting Pronouncements.

In April 2009, the FASB issued FSP FAS 107-1 and APB-28-1, "Interim Disclosure about Fair Value of Financial Instruments" (FSP 107-1/APB 28-1). FSP 107-1/APB 28-1 requires interim disclosures regarding the fair values of financial instruments that are within the scope of FAS 107, "Disclosures about the Fair Value of Financial Instruments". Additionally, FSP 107-1/APB 28-1 requires disclosure of the methods and significant assumptions used to estimate the fair value of financial instruments on an interim basis as well as changes of the methods and significant assumptions from prior periods. FSP 107-1/APB 28-1 does not change the accounting treatment for these financial instruments and is effective for interim reporting periods ending after June 15, 2009. The Company is currently assessing the effect of FSP 107-1/APB 28-1 on its financial statements, but it is not expected to be material.

In April 2009, the FASB issued FSP 115-2 and FAS 124-2, "Recognition and Presentation of Other-Than-Temporary Impairment" (FSP 115-2/124-2). FSP 115-2/124-2 amends the requirements for the recognition and measurement of other-than-temporary impairments for debt securities by modifying the pre-existing "intent and ability" indicator. Under FSP 115-2/124-2, an other-than-temporary impairment is triggered when there is an intent to sell the security, it is more likely than not the security will be required to be sold before recovery, or the security is not expected to recover the entire amortized cost basis of the security. Additionally, FSP 115-2/124-2 changes the presentation of another-than-temporary impairment in the income statement for those impairments involving credit losses. The credit loss component will be recognized in earnings and the remainder of the impairment will be recorded in other comprehensive income. FSP 115-

2/124-2 is effective for interim and annual reporting periods ending after June 15, 2009. The Company is currently assessing the effect of FSP 115-2/124-2 on its financial statements, but it is not expected to be material.

In April 2009, the FASB issued FSP FAS 157-4, "Determining Fair Value When Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly" (FSP 157-4). FSP 157-4 provides guidance on how to determine the fair value of assets and liabilities when the volume and level of activity for the asset/liability has significantly decreased. FSP 157-4 also provides guidance on identifying circumstances that indicate a transaction is not orderly. In addition, FSP 157-4 requires disclosure in interim and annual periods of the inputs and valuation techniques used to measure fair value and a discussion of changes in valuation techniques. FSP 157-4 is effective for interim and annual reporting periods after June 15, 2009, applied prospectively. The Company is currently assessing the effect of FSP 157-4 on its financial statements, but it is not expected to be material.

In April 2009, the FASB issued FSP FAS 141(R)-1 "Accounting for Assets Acquired and Liabilities Assumed in a Business Combination That Arise from Contingencies" (FSP 141(R)-1). FSP 141(R)-1 will amend the provisions related to the initial recognition and measurement, subsequent measurement and disclosure of assets and liabilities arising from contingencies in a business combination under SFAS No. 141(R), "Business Combinations", (SFAS 144(R)). FSP 141(R)-1 will carry forward the requirements in SFAS No. 141, "Business Combinations", for acquired contingencies, thereby requiring that such contingencies be recognized at fair value on the acquisition date if fair value can be reasonable estimated during the allocation period. Otherwise, entities would typically account for the acquired contingencies in accordance with SFAS No. 5, "Accounting for Contingencies". FSP 141(R)-1 is effective for assets or liabilities arising from contingencies in business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after December 15, 2008. The Company is currently assessing the effect of FSP-141(R)-1 on its financial statements, but it is not expected to be material.

On November 2008, the FASB announced plans to issue final FSP FAS 140-4 and FIN 46(R)-8, "Disclosures about Transfers of Financial Assets and Interests in Variable Interest Entities". The purpose of this FSP is to promptly improve disclosures by public entities and enterprises until the pending amendments to FASB Statement No. 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities" and FASB Interpretation No. 46 (revised December 2003), "Consolidation of Variable Interest Entities", are finalized and approved by the Board. Effective at the end of the first reporting period (interim and annual) after issuance of the FSP for public entities, the FSP amends Statement 140 to require public entities to provide additional disclosures about transfers of financial assets and variable interests in qualifying special-purpose entities. It also amends Interpretation 46(R) to require public enterprises to provide additional disclosures about their involvement with variable interest entities. FAS 140-4 and FIN 46(R)-8 is effective for financial statements issued for fiscal years beginning after December 15, 2008. The Company believes that the adoption of FAS 140-4 and FIN 46(R)-8 will not have an effect on its financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities". This pronouncement amends SFAS No. 133 and requires enhanced disclosures about an entity's derivative and hedging activities thereby improving the transparency of financial reporting. SFAS No. 161 is effective for financial statements issued for fiscal years beginning after November 15, 2008. The Company believes that the adoption of SFAS No. 161 will not have an effect on its financial statements.
